Articles dans des revues

- 1) Baunaz, L., Palasis, K., & **Arslan, S.** (in press). *I saw, I reported, I inferred: Perception verb constructions as evidential strategies in French*. *Journal of French Language Studies*. Accepted on 10/05/2026. <https://osf.io/8erhv>
- 2) Čordalija, N., Bastiaanse, R., Glatz, T., **Arslan, S.**, & Popov, S. (2026). Unaccusativity and grammatical aspect: A cross-modal lexical priming study. *Journal of Psycholinguistic Research*, 55(4), 76. <https://doi.org/10.1007/s10936-026-10221-4>
- 3) Matić, A., Pourquié, M., Norvik, M., Kraljević, J. K., Simonsen, H. G., Martínez-Ferreiro, S., ... **Arslan, S.** (2026). Setting a research agenda for the assessment and treatment of aphasia in minority languages. *Cortex*, 198, 13–26. <https://doi.org/10.1016/j.cortex.2026.02.013>
- 4) **Arslan, S.**, Cho, S. W., Lee, M., Balo, S. S., Lee, S.-Y., Lee, S., Yeom, H., Maviş, İ., Meunier, F., & Kim, S. Y. (2026). Older, wiser, linguistically savvy: A comparative experimental study of grammatical evidentiality across younger and older generations in Turkish and Korean speakers. *Applied Psycholinguistics*, 1–34. <https://doi.org/10.1017/S014271642610050>
- 5) **Arslan, S.** (2025, online first). Spontaneous production of pronominal elements in Turkish non-fluent aphasia. *Aphasiology*, 1–22. <https://doi.org/10.1080/02687038.2025.2578180>
- 6) **Arslan, S.**, & Peñaloza, C. (2026). Across countries and cultures: The assessment of aphasia in linguistically diverse clinical populations. *Aphasiology*, 40(2), 209–214. <https://doi.org/10.1080/02687038.2025.2468546>
- 7) Martínez-Ferreiro, S., **Arslan, S.**, Fyndanis, V., Howard, D., Kraljević, J. K., Škorić, A. M., Munarriz-Ibarrola, A., Norvik, M., Peñaloza, C., Pourquié, M., Simonsen, H. G., Swinburn, K., Varlokosta, S., & Soroli, E. (2026). Guidelines and recommendations for cross-linguistic aphasia assessment: A review of 10 years of comprehensive aphasia test adaptations. *Aphasiology*, 40(2), 215–239. <https://doi.org/10.1080/02687038.2024.2343456>
- 8) **Arslan, S.** (2026). *Self-paced reading: Common practices and methodological considerations*. In H. Nesi, P. Milin, & D. Filipović Đurđević (Eds.), *International encyclopedia of language and linguistics* (3rd ed.). *Reference Module in Social Sciences: Elsevier*. <https://doi.org/10.1016/B978-0-323-95504-1.01288-6>
- 9) Simeonova, V., & **Arslan, S.** (2025). From fables to newspapers: Turkish and Bulgarian evidentiality in written genres. *Balkanica et Slavia*, 5(1), 69–86.

- 10) **Arslan, S.**, Mirić, M., Ćirković, S., Padure, C., & Adamou, E. (2025). Cross-linguistic priming in comprehension facilitates change in adjective–noun order: Eye-tracking evidence from Romani–Romanian and Romani–Serbian bilinguals. *Glossa Contact*, 1(2), 1–54. <https://doi.org/10.82012/glossa.contact.2025.arslan.et.al>
- 11) Arslan, S., Selvi-Balo, S., & Maviş, İ. (2025). Limitations during processing of variable reflexive anaphors and overt/null object pronouns in Turkish aphasia revealed by eye-tracking during listening studies. *Journal of Neurolinguistics*, 73, 101221. <https://doi.org/10.1016/j.jneuroling.2024.101221>
- 12) Shoghi, S., **Arslan, S.**, Bastiaanse, R., & Popov, S. (2025). Visual priming and parsing preferences: A self-paced reading study of PP-attachment ambiguity in Dutch verb-final structures. *Lingua*, 313, 103840. <https://doi.org/10.1016/j.lingua.2025.103840>
- 13) Adamou, E., & **Arslan, S.** (2024). Dead or alive: A lifetime effect of Pomak nominal tense in a self-paced reading experiment. *Languages*, 9(11), 331. <https://doi.org/10.3390/languages9110331>
- 14) Thomsen, K., Keulen, S., & **Arslan, S.** (2024). Functional correlates of executive dysfunction in primary progressive aphasia: A systematic review. *Frontiers in Aging Neuroscience*, 16, 1448214. <https://doi.org/10.3389/fnagi.2024.1448214>
- 15) **Arslan, S.**, Tunali, E. T., Çetin, Y., & Aydın, Ö. (2024). Eyes do not lie but words do: Evidence from eye-movement monitoring during reading that misuse of evidentiality marking in Turkish is interpreted as deceptive. *Functions of Language*, 31(1), 90–108. <https://doi.org/10.1075/fol.21067.ars>
- 16) Tokaç-Scheffer, S. D., Nickels, L., & **Arslan, S.** (2024). One suitcase, two grammars: What can we conclude about Australian Turkish heritage speakers' divergent processing of evidentiality? *Linguistics Vanguard*, 10(S2), 125–138.
- 17) **Arslan, S.**, Puzella, G. Y., Balo, S. S., Aydın, Ö., & Maviş, İ. (2024). Quantifier spreading errors during pronoun processing in aphasia. *Psikoloji Çalışmaları*, 44(1), 125–142.
- 18) Tokaç-Scheffer, S. D., **Arslan, S.**, & Nickels, L. (2023). Insights into the time course of evidentiality processing in Turkish heritage speakers using a self-paced reading task. *Frontiers in Communication*, 8, 1070510. <https://doi.org/10.3389/fcomm.2023.1070510>
- 19) **Arslan, S.**, Plonka, A., Mouton, A., Lemaire, J., Cogordan, M. P., Sacco, G., Couratier, P., Pariente, J., & Meunier, F. (2022). Sentence repetition span in primary progressive aphasia and Alzheimer's disease: Insights from preliminary results. *Frontiers in Communication*, 7, 934487. <https://doi.org/10.3389/fcomm.2022.934487>
- 20) Shoghi, S., **Arslan, S.**, Bastiaanse, R., & Popov, S. (2022). Does a walk-through video help the parser down the garden-path? A visually enhanced self-paced reading study in Dutch. *Frontiers in Psychology*, 13, 1009265. <https://doi.org/10.3389/fpsyg.2022.1009265>

- 21) Da Cunha, E., Plonka, A., **Arslan, S.**, Mouton, A., Meyer, T., Robert, P., Meunier, F., Manera, V., & Gros, A. (2022). Logogenic primary progressive aphasia or Alzheimer disease: Contribution of acoustic markers in early differential diagnosis. *Life*, 12(7), 933. <https://doi.org/10.3390/life12070933>
- 22) **Arslan, S.**, Devers, C., & Martínez Ferreiro, S. (2021). Pronoun processing in post-stroke aphasia: A meta-analytic review of individual data. *Journal of Neurolinguistics*, 59, 101005. <https://doi.org/10.1016/j.jneuroling.2021.101005>
- 23) **Arslan, S.**, Palasis, K., & Meunier, F. (2020). Electrophysiological differences in older and younger adults' anaphoric but not cataphoric pronoun processing in the absence of age-related behavioural slowdown. *Scientific Reports*, 10, Article 19234. <https://doi.org/10.1038/s41598-020-75550-3>
- 24) **Arslan, S.** (2020). When the owner of information is unsure: Epistemic uncertainty influences evidentiality processing in Turkish. *Lingua*, 247, 102989. <https://doi.org/10.1016/j.lingua.2020.102989>
- 25) **Arslan, S.**, Broc, L., & Mathy, F. (2020). Lower verbalizability of visual stimuli modulates differences in estimates of working memory capacity between children with and without developmental language disorders. *Autism & Developmental Language Impairments*, 5, <https://doi.org/10.1177/2396941520945519>
- 26) Maviş, İ., **Arslan, S.**, & Aydın, Ö. (2020). Comprehension of word order in Turkish aphasia. *Aphasiology*, 34(8), 999–1015. <https://doi.org/10.1080/02687038.2019.1622646>
- 27) **Arslan, S.**, Broc, L., Olive, T., & Mathy, F. (2020). Reduced deficits observed in children and adolescents with developmental language disorder using proper nonverbalizable span tasks. *Research in Developmental Disabilities*, 96, 103522. <https://doi.org/10.1016/j.ridd.2019.103522>
- 28) Felser, C., & **Arslan, S.** (2019). Inappropriate choice of definites in Turkish heritage speakers of German. *Heritage Language Journal*, 16(1), 22–43. <https://doi.org/10.46538/hlj.16.1.2>
- 29) **Arslan, S.**, & Felser, C. (2018). Comprehension of wh-questions in Turkish-German bilinguals with aphasia: A dual-case study. *Clinical Linguistics & Phonetics*, 32(7), 640–660. <https://doi.org/10.1080/02699206.2017.1416493>
- 30) **Arslan, S.**, Gür, E., & Felser, C. (2017). Predicting the sources of impaired wh-question comprehension in non-fluent aphasia: A cross-linguistic machine learning study on Turkish and German. *Cognitive Neuropsychology*, 34(5), 312–331. <https://doi.org/10.1080/02643294.2017.1394284>

- 31) **Arslan, S.**, De Kok, D., & Bastiaanse, R. (2017). Processing grammatical evidentiality and time reference in Turkish heritage and monolingual speakers. *Bilingualism: Language and Cognition*, 20(3), 457–472.
<https://doi.org/10.1017/S136672891500084X>

- 32) **Arslan, S.**, Bamyacı, E., & Bastiaanse, R. (2016). A characterization of verb use in Turkish agrammatic narrative speech. *Clinical Linguistics & Phonetics*, 30(6), 449–469. <https://doi.org/10.3109/02699206.2016.1144224>

- 33) **Arslan, S.**, Bastiaanse, R., & Felser, C. (2015). Looking at the evidence in visual world: Eye-movements reveal how bilingual and monolingual Turkish speakers process grammatical evidentiality. *Frontiers in Psychology*, 6, 1387.
<https://doi.org/10.3389/fpsyg.2015.01387>

- 34) **Arslan, S.**, Aksu-Koç, A., Maviş, İ., & Bastiaanse, R. (2014). Finite verb inflections for evidential categories and source identification in Turkish agrammatic Broca's aphasia. *Journal of Pragmatics*, 70, 165–181.
<https://doi.org/10.1016/j.pragma.2014.07.002>

Proceedings du congrès publiés dans des revues ou des volumes

- 1) Škorić, A. M., Pourquié, M., Norvik, M., Kuvač Kraljević, J., Simonsen, H. G., Martínez-Ferreiro, S., Fyndanis, V., Munarriz-Ibarrola, A., Soroli, E., Kong, A. P.-H., Anjum, J., Niharika, M. K., Sze, W. P., Salmons, I., Gavarró, A., Rofes, A., Grima, R., Python, G., Alyahya, R. S. W., Kambanaros, M., Garraffa, M., Selvi-Balo, S., Biedermann, B., Renvall, K., Taiebine, M., Biran, M., Areej, A., Scheffer, S. D., Ezzedine, N., Hallowell, B., Keulen, S., Goral, M., Peñaloza, C., & **Arslan, S.** (2025). Setting a research agenda for the assessment and treatment of aphasia in minority languages. *Stem-, Spraak- en Taalpathologie*, 30(Suppl.), 202–205. Paper presented at the *International Science of Aphasia Conference*, University of Copenhagen, Copenhagen, Denmark.
- 2) Elkhoolay, A., **Arslan, S.**, & Jonkers, R. (2025). Lexical retrieval in diglossic aphasia: Naming accuracy for cognates and non-cognates in Modern Standard Arabic and Egyptian Colloquial Arabic. *Stem-, Spraak- en Taalpathologie*, 30(Suppl.), 141–143. Paper presented at the *International Science of Aphasia Conference*, University of Copenhagen, Copenhagen, Denmark.
- 3) Aydın, Ç., **Arslan, S.**, Tanış Şapcı, S. B., Kalender, Ş., & Güneş, A. K. (2024). “They say” makes good liars: An investigation on evidentiality in language and deception. In *Proceedings of the Annual Meeting of the Cognitive Science Society*, 46(0) 1–9. Cognitive Science Society. <https://escholarship.org/uc/item/64v7v3b8>
- 4) Başol, E., **Arslan, S.**, & Kulak Kayıkcı, M. E. (2024). Cognitive assessment tools used in the evaluation of primary progressive aphasia in Türkiye: A scoping review. *Stem-, Spraak- en Taalpathologie*, 28(Suppl.1), 76–77. Poster presented at the *Science of Aphasia 2024* (Annual Meeting of the Academy of Aphasia), 9–12 September 2024, Geneva, Switzerland.
- 5) Areej, A., **Arslan, S.**, & Jonkers, R. (2024). Assessing verb retrieval in Urdu-speaking people with aphasia: A spontaneous speech analysis. *Stem-, Spraak- en Taalpathologie*, 29(Suppl. 1), 84–85. Poster presented at the *Science of Aphasia Conference*, 9–12 September 2024, Geneva, Switzerland.
- 6) **Arslan, S.**, Mirić, M., Ćirković, S., Pădure, C., & Adamou, E. (2023, April). *Red apple or apple red? Contact-induced language change in Romani noun phrase order*. Paper presented at the *10th Novi Sad Workshop on Psycholinguistic, Neurolinguistic and Clinical Linguistic Research (PNCLR 10)*, Faculty of Philosophy, University of Novi Sad, Novi Sad, Serbia.

- 7) **Arslan, S.**, Fyndanis, V., Grima, R., Kambanaros, M., Martínez-Ferreiro, S., Munarriz-Ibarrola, A., Norvik, M. I., Peñaloza, C., Python, G., Soroli, E., & Sze, W. P. (2023, June). Insights from the Multilingual Aphasia Practices (MAP) survey: Common practices and challenges for speech-language therapists working with multilingual speakers with aphasia. Poster presented at the *14th International Symposium on Bilingualism (ISB14)*, Macquarie University, Sydney, Australia.
- 8) **Arslan, S.**, Lampe, L. F., Tessaro, B., & Nickels, L. (2023). Pronoun processing in gracefully ageing adults and individuals with primary progressive aphasia: A case-control study. *Stem-, Spraak- en Taalpathologie*, 27(Suppl. 2). Paper presented at the *Science of Aphasia conference 2023*, Nice, France.
- 9) Thomsen, K., Keulen, S., & **Arslan, S.** (2023). Functional markers of executive dysfunction in primary progressive aphasia: A systematic review. *Stem-, Spraak- en Taalpathologie*, 27(Suppl. 2), 63-65. Poster presented at the *Science of Aphasia conference 2023*, Nice, France.
- 10) Urbanczik, G., **Arslan, S.**, Lampe, L. F., Nickels, L., & Hanne, S. (2022). Processing of gender information of German possessives in aphasia. *Stem-, Spraak- en Taalpathologie*, 27(Suppl. 2), 201–205. Poster presented at the *International Science of Aphasia Conference*, Bordeaux, France.
- 11) **Arslan, S.**, Selvi-Balo, S., & Maviş, İ. (2022). *Who can it be now? Processing of reflexives and null object pronouns in non-fluent aphasia in Turkish*. *Stem-, Spraak- en Taalpathologie*, 27(Suppl. 2), 233-236. Paper presented at the *International Science of Aphasia Conference*, Bordeaux, France.
- 12) Pourquié, M., **Arslan, S.**, Grima, R., Fyndanis, V., Kambanaros, M., Martínez-Ferreiro, S., Munarriz-Ibarrola, A., Norvik, M. I., Peñaloza, C., Python, G., Soroli, E., & Sze, W. P. (2022). The “MAP” survey: An international investigation of SLPs’ training and working practices to assess and treat plurilingual people with aphasia. *Stem-, Spraak- en Taalpathologie*, 27(Suppl. 2), 100–102. Poster presented at the *Science of Aphasia 2022*, Bordeaux, France.
- 13) **Arslan, S.**, Plonka, A., Cogordan, M. P., Manera, V., Gros, A., & Meunier, F. (2020). Répéter s’il vous plaît: Working memory intensive sentence repetition deficits as a sensitive neuropsychological marker of primary progressive aphasia. *Alzheimer’s & Dementia: The Journal of the Alzheimer’s Association*, 16, e042842. <https://doi.org/10.1002/alz.042842>
- 14) **Arslan, S.**, Selvi-Balo, S., Broc, L., Maviş, İ., Meunier, F., & Mathy, F. (2019). Working memory impairments extend to non-verbal domains in post-stroke aphasia. In *Conference Abstract: Academy of Aphasia 57th Annual Meeting. Frontiers in Human Neuroscience*. <https://doi.org/10.3389/conf.fnhum.2019.01.00065>
- 15) **Arslan, S.**, Lago, S., Yanilmaz, A., Drury, J. E., & Felser, C. (2019). The processing of negative polarity items in Turkish-German bilinguals. In P. Guijarro-Fuentes & C. Suárez-Gómez (Eds.), *Proceedings of GALA 2017: Language Acquisition and Development* (pp. 117–133). Cambridge Scholars Publishing.

- 16) **Arslan, S.**, Zakariás, L., Salis, C., & Wartenburger, I. (2018). Language and working memory in a bilingual Turkish-German individual with aphasia. *Stem-, spraak- en taalpathologie*, 23(Suppl.), 28–31. Presented at the 19th Science of Aphasia Conference, Venice, Italy.
- 17) Devers, C., Martínez-Ferreiro, S., & **Arslan, S.** (2018). Using support vector machines to identify determinants of pronoun difficulty in aphasia: A preliminary critical review and meta-analysis of individual data. *Stem-, Spraak- en Taalpathologie*, 23(Suppl.), 15–18. Presented at the 19th Science of Aphasia Conference, Venice, Italy.
- 18) Tokaç, S. D., Popov, S., **Arslan, S.**, & Bastiaanse, R. (2018). Processing of evidentiality in Turkish: An ERP study. *Stem-, Spraak- en Taalpathologie*, 23(Suppl. 1). Paper presented at the 19th Science of Aphasia Conference, Venice-Lido, Italy.
- 19) **Arslan, S.**, Gür, E., & Felser, C. (2017). Individual variability and linguistic constraints on the comprehension of wh-questions in Turkish and German aphasia. *Stem-, Spraak- en Taalpathologie*, 22(Suppl. 2), 44–46. Paper presented at the 18th Science of Aphasia Conference, Venezia-Lido, Italy.
- 20) **Arslan, S.**, Bamyacı, E., & Bastiaanse, R. (2015). Verbs in Turkish agrammatic narrative speech. *Stem-, Spraak- en Taalpathologie*, 20(Suppl.), 1–3. Paper presented at the 16th Science of Aphasia Conference, Aveiro, Portugal.
- 21) **Arslan, S.**, & Bastiaanse, R. (2014). Source memory impairments in aphasic and healthy aging Turkish speakers. In *Stem-, Spraak- en Taalpathologie*, 19(Suppl. 1), 3–7. Paper presented at the 15th Science of Aphasia Conference, Ospedale San Camillo, Venice, Italy.
- 22) **Arslan, S.**, De Kok, D., & Bastiaanse, R. (2013). A fragile category: Turkish evidential source markers in agrammatism and bilingualism. *Stem-, Spraak- en Taalpathologie*, 18(Suppl. 1), 116–119. Presented at the 14th International Science of Aphasia Conference, Brussels, Belgium.

Autres contributions aux conférences

- 1) Munarriz-Ibarrola, A., Pourquié, M., Škorić, A. M., Martínez-Ferreiro, S., Scheffer, S. D., Salmons, I., Peñaloza, C., Pak-Hin Kong, A., Norvik, M. I., Fyndanis, V., Grima, R., Python, G., Hallowell, B., Renvall, K., Niharika, M. K., Taiebine, M., Alyahya, R. S. W., Biedermann, B., Gavarró, A., Jonkers, R., & **Arslan, S.** (2025, October). Setting a research agenda for aphasia in minority languages. Paper presented at the 29th Annual Conference of the Foundation for Endangered Languages (FEL XXIX), Faculty of Arts, University of the Basque Country (UPV/EHU), Vitoria-Gasteiz, Spain.
- 2) Simeonova, V., Kracheva, E., Pescarini, D., & **Arslan, S.** (2025). *Determined, but not everywhere: Regional variation in multiple determination in Bulgarian*. Paper presented at 12th Novi Sad Workshop on Psycholinguistic, Neurolinguistic and Clinical Linguistic Research. Faculty of Philosophy, University of Novi Sad, Novi Sad, Serbia.

- 3) Zakhariadis-Awad, P., Prokou, S., & **Arslan, S.** (2025). Exploring contact-induced change in word order in Istanbul Greek. Paper presented at the *12th Novi Sad Workshop on Psycholinguistic, Neurolinguistic and Clinical Linguistic Research*, Faculty of Philosophy, University of Novi Sad, Novi Sad, Serbia.
- 4) **Arslan, S.**, & Adamou, E. (2025). *Mapping the gradual loss of evidentiality in Pomak using a self-paced reading experiment*. Paper presented at the *12th Novi Sad Workshop on Psycholinguistic, Neurolinguistic and Clinical Linguistic Research*, Faculty of Philosophy, University of Novi Sad, Novi Sad, Serbia.
- 5) Simeonova, V., Jordanoska, I., Borshi, O. B., & **Arslan, S.** (2024). Factual information as a window into Balkan evidentials. Poster presented at the *57th Annual Meeting of the Societas Linguistica Europaea*, University of Helsinki, Helsinki, Finland.
- 6) Palasis, K., Baunaz, L., & **Arslan, S.** (2024, October). *Information-source judgement experiments in French syntactic evidentiality*. Paper presented at the *International Conference (Un)Reality and Evidentiality in Language, Cognition, Society*, University of Cyprus, Nicosia, Cyprus.
- 7) Simenova, V., & **Arslan, S.** (2023, November). *Evidentials in narratives: Turkish and Bulgarian*. Paper presented at the *International Conference on Fundamentals and Advances in Balkan Linguistics (FABL)*, Faculty of Philology, University of Belgrade, Belgrade, Serbia.
- 8) Lazić, T., Popov, S., & **Arslan, S.** (2023, November). *When grammars part ways: An experimental investigation on infinitive and subjunctive constructions in Serbian and Croatian*. Paper presented at the *International Conference on Fundamentals and Advances in Balkan Linguistics (FABL)*, Faculty of Philology, University of Belgrade, Belgrade, Serbia.
- 9) Sze, W. P., Peñaloza, C., Kambanaros, M., Norvik, M. I., **Arslan, S.**, Soroli, E., Martínez-Ferreiro, S., Pourquié, M., Munarriz-Ibarrola, A., Grima, R., Fyndanis, V., & Python, G. (2022, June). Developing an international survey to investigate the current practices and challenges faced by speech and language pathologists (SLPs) working with bi/multi-lingual clients with aphasia. Paper presented at the *British Aphasiology Society (BAS) Research Updating Meeting* (online), United Kingdom.
- 10) Arslan, S., Mirić, M., Ćirković, S., Pădure, C., & Adamou, E. (2022, August). Does cross-language priming facilitate language change? Eye-tracking evidence from Romani-Romanian and Romani-Serbian bilinguals. Paper presented at the *55th Annual Meeting of the Societas Linguistica Europaea*, University of Bucharest, Bucharest, Romania.
- 11) Arslan, S. (2021). Restructuring in grammatical evidentiality in Turkish as a heritage language and implications for cognitive modulators of contact-induced change. Paper presented at the *54th Annual Meeting of the Societas Linguistica Europaea (SLE)*, Workshop 5: Cognitive Mechanisms of Contact-Induced Change. Athens (Online).
